

Material Safety Data Sheet

1 Identification of the substance/preparation and of the company/undertaking

1.1. Product identifier

Trade name:	Sticky mats
Proper shipping name:	No Information
Other Identities:	No Information
Code:	No Information

1.2. Relevant identified uses of the substance or mixture and uses advised against

1.2.1. Relevant identified uses

No Information

1.2.2. Uses advised against

Advise against other uses.

1.3. Details of the supplier of the safety data sheet

2 Hazards identification

2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008 [CLP]

No data available.

Classification according to Directive 67/548/EEC or 1999/45/EC

No data available.

Other adverse physicochemical, human health and environmental effects

No reliable data available.

2.2. Label elements

Labelling according to Regulation (EC) No 1272/2008 [CLP]

Hazard pictogram: No

2.3. Other hazards

liable data available

3 Composition/information on ingredients

Name	CAS No.	%wt/wt	Classification according to CLP	Classification according to DSD
Polyethylene	9003-01-4	85	Not Classified	Not Classified
Acrylic resin emulsion	9003-01-4	15	Not Classified	Not Classified

4 First aid measures

4.1. Description of first aid measures

First-aid measures after inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. In case of breathing difficulties administer oxygen. In case of irregular breathing or respiratory arrest provide artificial respiration. If medical advice is needed, have product container or label at hand.

First-aid measures after skin contact : After contact with skin, take off immediately all contaminated clothing, and wash immediately with plenty of water. Rinse thoroughly with plenty of water for at least 20 minutes and take medical advice. If medical advice is needed, have product container or label at hand.

First-aid measures after eye contact : Rinse immediately and plentifully with water, also under the eyelids, for at least 20 minutes. Seek immediate medical advice. If medical advice is needed, have product container or label at hand.

First-aid measures after ingestion : If swallowed, do not induce vomiting: seek medical advice immediately and show this container label. If swallowed, rinse mouth with water (only if the person is conscious). Drink plenty of water.

4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries after inhalation : High concentration of vapors may induce: headache, nausea, dizziness. Irritant effect on the respiratory tract.

Symptoms/injuries after skin contact : Slightly irritating to skin. Prolonged/repetitive skin contact may cause skin depatterning or dermatitis. Heated product causes burns.

Symptoms/injuries after eye contact : Slightly irritating to eyes.

Symptoms/injuries after ingestion : Nausea.

4.3. Indication of any immediate medical attention and special treatment needed

Following contact with the melted product, quickly cool affected skin area with water.

5 Fire-fighting measures

5.1. Extinguishing media

Suitable extinguishing media : carbon dioxide (CO₂), water, dry chemical powder. Water fog.

5.2. Special hazards arising from the substance or mixture

Fire hazard : Apply aqueous extinguishing media carefully to prevent frothing/steam explosion.

Reactivity : On combustion, forms. Carbon dioxide (CO₂). Sulphur dioxide (SO₂). Nitrogen oxides (NO_x).

Carbon monoxide.

5.3. Advice for firefighters

Firefighting instructions : Cool tanks/drums with water spray/remove them into safety.

Protective equipment for firefighters : In case of fire: Wear self-contained breathing apparatus. Refer to section 8.

6 Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures : Use water spray/stream to protect personnel and to cool endangered containers. Emergency cooling must be provided for in case of fire. Remove product from area of fire.

6.1.1. For non-emergency personnel

Protective equipment : Wear suitable protective clothing, gloves and eye/face protection. Refer to section 8.

Emergency procedures : Remove all sources of ignition. Stop leak if safe to do so.

6.1.2. For emergency responders

Protective equipment : In case of fire: Wear self-contained breathing apparatus. Wear suitable protective clothing, gloves and eye/face protection. Refer to section 8.

Emergency procedures : Evacuate unnecessary personnel. Remove all sources of ignition. Stop leak if safe to do so.

6.2. Environmental precautions

Avoid release to the environment. Contaminated fire-fighting water must be collected separately. Prevent spreading over great surfaces (e.g. by damming or installing oil booms).

6.3. Methods and material for containment and cleaning up

For containment : Stop leak if safe to do so. Eliminate leaks immediately.

Methods for cleaning up: Collect in closed containers for disposal. Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents). When in liquid state (heated) must be chilled with water to solidify.

Other information : Relevant water authorities should be notified of any large spillage to water course or drain.

6.4. Reference to other sections

No data available.

7 Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling : Handle in accordance with good industrial hygiene and safety procedures. Use only in wellventilated areas. Use personal protective equipment as required. The melted product can cause severe burns.

7.2. Conditions for safe storage, including any incompatibilities

Technical measures: : Floors should be impenetrable, resistant to liquids and easy to clean. The floor should be leak tight, jointless and not absorbent.

Incompatible materials : Oxidizing agents, strong.

Storage area : Keep away from open flames, hot surfaces and sources of ignition. Keep away from: humid air.

Store in a dark area. Only use anti-static equipped (spark-free) tools. Ensure the grounding of containers, apparatus, pumps and suction equipment. Floors should be impenetrable, resistant to liquids and easy to clean. The floor should be leak tight, jointless and not absorbent.

Special rules on packaging : Portable Tanks/vessels.

7.3. Specific end use(s)

No data available.

8 Exposure controls/personal protection

8.1. Control parameters

No data available.

8.2. Exposure controls

Appropriate engineering controls : Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Provide adequate ventilation.

Personal protective equipment : Take off contaminated clothing and wash before reuse. Used working clothes should not be used outside the work area. Do not eat, drink or smoke when using this product. Wear protective gloves and eye/face protection.

Hand protection : Protective gloves made of PVC.

Eye protection : Wear eye protection/face protection.

Respiratory protection : Wear respiratory protection. The filter class must be suitable for the maximum contaminant concentration (gas/vapour/aerosol/particulates) that may arise when handling the product. If the concentration is

exceeded, closed-circuit breathing apparatus must be used!. In case of fire:
Wear self-contained breathing apparatus.

9 Physical and chemical properties

Physical state : Solid
Appearance : No data available
Colour :Blue.
Odour : No data available.
Odour threshold : No data available
pH : 7
Melting point : 92 °C
Solidification point : not applicable
Boiling point :270 °C
Flash point : No data available
Relat. evapor. rate comp. to butylacetate : No data available
Flammability (solid, gas) : not applicable
Explosive limits : not applicable
Vapour pressure : not applicable
Relative vapour density at 20 °C : No data available
Relative density :0.92g/cm³
Solubility : Soluble in toluene. No data available
Water: insoluble
Log Pow : not applicable
Self ignition temperature : No data available
Decomposition temperature : No data available
Viscosity, kinematic : No data available
Viscosity, dynamic : No data available
Explosive properties : No data available
Oxidising properties : No data available

10 Stability and reactivity

10.1. Reactivity
On combustion, forms. Carbon dioxide (CO₂). Sulphur dioxide (SO₂). Nitrogen oxides (NO_x). Carbon monoxide.
10.2. Chemical stability
Stable at normal conditions.
10.3. Possibility of hazardous reactions
No data available.
10.4. Conditions to avoid
No data available.
10.5. Incompatible materials
Oxidizing agents, strong.
10.6. Hazardous decomposition products
No data available.

11 Toxicological information

Not classified

12 Ecological information

12.1. Aquatic toxicity

Acute (short-term) toxicity:	No data available
Chronic (long-term) toxicity:	No data available

12.2. Persistence and degradability

Biodegradation:	No data available
-----------------	-------------------

12.3. Bioaccumulative potential

Bioconcentration factor (BCF):	No data available
--------------------------------	-------------------

12.4. Mobility in soil

Adsorption/Desorption:	No data available
------------------------	-------------------

12.5. Results of PBT and vPvB assessment

No data available

13 Disposal considerations

13.1. Waste treatment methods

Waste disposal recommendations : Consult the local waste disposal expert about waste disposal.

14 Transport information

No Label is required during transport

15 Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

15.1.1. EU-Regulations

This safety data sheet is in compliance with the following EU legislation and its adaptations - as far as applicable - 67/548/EEC, 1999/45/EC, Regulation (EC) No 1272/2008, Regulation (EC) No 1907/2006, 98/24/EC, 92/85/EEC, 94/33/EC, 91/689/EEC and 1999/13/EC.

15.1.2. International/national regulations

UN recommendation on the transport of dangerous goods

16 Other information

DISCLAIMER OF LIABILITY

The information in this MSDS/SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS/SDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS/SDS information may not be applicable.
